

Reynard

Shampoo Cap

Shampoo Cap

Reynard Shampoo caps facilitate complete hair care in a disposable, rinse free format; leaves hair smelling fresh, towel dry and ready for styling. The cap is impregnated with a gentle conditioning shampoo that is designed to release when gently massaged; absorbing the used solution back into the cap, along with any dirt, EEG gel, debris or even blood. This product simplifies the hair washing process into one step; replacing bowls of water, towel, shampoo and conditioner and saving valuable nursing time.

Convenience

All in one product. No need for a separate Shampoo and Conditioners.

Can be used where water is unavailable or not an option.

Fast and effective

Presented in a single use pack to prevent drying out. They are a convenient, rinse free cap that can be used anywhere.

Cost-effective

Reynard's Shampoo Caps save costs in laundry bills, staff costs and water rates in addition to minimising cross-contamination risks.

Ideal for use in:

- Hospitals—Wards
- Aged Care
- Private Hospitals
- Personal use

Directions: Can be used cold either at room temperature or from the fridge. If using warm, heat the unopened pack in a microwave (800w) for up to 20 seconds or alternatively put the unopened pack in hot water for 10 minutes (always check the temperature of the cap before using)

Dispose of responsibly -do not flush

Product specifications and availability may vary according to country.
Always read the label and product information before use.

Supporting documentation: Full technical specifications are available upon request.
Bespoke solutions: Should your market require more or fewer wipes, lightly scented alternatives or even biodegradable wipes, for example. Let us know.
We are more than happy to develop bespoke solutions.

Shampoo Caps

Reynard Shampoo caps rinse free and offer a pragmatic solution while providing frail, ill or critical care patients with a far nicer alternative to the traditional procedures of hair washing.
