

Reynard

Super-Soft Patient Wipes

Super-Soft Patient Wipes

Reynard Supersoft Patient Wipes are extremely soft, strong and exhibit excellent wet strength to meet the needs of patients and carers and can be used on hands, face and body.

Directions: Use the required number of wipes. Dispose of used wipes properly; do not flush.

Convenience

Easy to use, conveniently wrapped in packs of 50 wipes

Fast and effective

Reynard Super-Soft Patient wipes are the preferred alternative to flannels/face cloths to 90% of our customers. They are low linting and highly absorbent.

The material is made from a unique non-woven, low lint material this is extra absorbent and strong.

They are extra strong—wet or dry.

Cost-effective

Reynard Super-Soft Patient Wipes are easily dispensed from the pack, one wipe at a time—no wasted wipes pulled through. They are highly portable, convenient and practical.

They are a cost effective alternative to laundered cloths.

Ideal for use in:

- Hospitals—Wards
- Beauticians
- Maternity Units—Baby Care
- Aged Care
- Private Hospitals
- Hospitality
- General Purpose

Product specifications and availability may vary according to country.
Always read the label and product information before use.

Supporting documentation: Full technical specifications are available upon request.
Bespoke solutions: Should your market require more or fewer wipes, lightly scented alternatives or even biodegradable wipes, for example. Let us know. We are more than happy to develop bespoke solutions.

Super-Soft Patient Wipes

Reynard Super-Soft Patient Wipes are **extremely strong**. These are the softest wipes in our range and are the flannel/face washer replacement of choice by 90% of our customers.
