

Reynard Skin Care Range

Reynard impregnated skin care wipes provide fast, pleasant and convenient skin cleansing and moisturising, whilst reducing cross-infection risks.

Developed by UK chemists, Reynard impregnated wipes provide gentle, effective and convenient skin cleansing, whilst reducing cross-infection risks. Suitable for a wide variety of uses from healthcare through to travel and leisure. Reynard wipes are ideal anywhere running water is not available.

Directions: Use as each directed for each product.

Dispose of used wipes properly; do not flush.

Convenience

All in one products. Designed to clean, disinfect and moisturise the body in one easy step.

Simpler cleansing and bathing processes.

Fast and effective

Presented in a resealable packs to prevent drying out. They are a convenient, rinse free wipe that can be used anywhere.

Formulated with no soaps or harsh chemicals that could dry the skin or alter its acid mantle. Reynard wipes are leave-on, quick dry products ideal for sensitive skin.

Disposable Reynard wipes are designed for single use therefore reducing cross infection risks.

Cost-effective

Reynard wipes eliminate the need for soaps, water, bowls, flannels and towels. Saves on laundering costs as well as time.

Ideal for use in:

- Hospitals—Wards and Theatre
- Palliative Care
- Aged Care
- Private Hospitals
- Personal

Product specifications and availability may vary according to country.
Always read the label and product information before use.

Supporting documentation: Full technical specifications are available upon request.
Bespoke solutions: Should your market require more or fewer wipes, lightly scented alternatives or even biodegradable wipes, for example. Let us know.
We are more than happy to develop bespoke solutions.
